Article information

Model nr:
250 / 1021

Model description:
SteadyStand®

Color:
Black

Accessories:
Wheel strap

Technical information

Material:
Steel

Material processing:
Powdercoated

Net weight:
7 kg

Product size (LxWxH):
61 x 52 x 35 cm

15-19 inch

90-130 mm

Designed in the Netherlands

Allgemeine Hinweise

Bitte, lesen Sie vor Montage und ersten Gebrauch die Montageanleitung aufmerksam durch. Bitte, haben Sie Verständnis dafür, dass AceBikes keine Haftung für Folgeschaden übernimmt, die durch eine unsachgemäße beziehungsweise mangelhafte Montage entstehen.

Warnung: Es ist unter Umständen nicht vermeidbar, dass der Reifen leicht im Ständer "klebt". Wir empfehlen, den Reifen ggf. vor dem Herausfahren durch leichte Seitwärtsbewegungen zu lösen.

General advice

Please have a careful look at this assembly instruction before assembling and applying the product. Please understand, that Acebikes cannot be held responsible for any consequential loss or damage due to an improper assembly or use of the product.

Warning: Under certain circumstances it is unavoidable, that the tire adheres slightly to the paddock stand. We recommend loosening the tire by slight sidewards movements before pulling out the motorcycle.

Informations générales

Avant le montage et l'utilisation du produit, veuillez regarder soigneusement ce manuel d'installation. Veuillez comprendre que AceBikes ne peut être tenu pour responsable des dommages consécutifs à un montage ou une utilisation incorrecte.

Avertissement: Dans certains cas il est inévitable que le pneu adhère égèrement à la béquille. Nous recommandons de décoller le pneu par mouvements légers sur le côté avant de sortir de la béquille.

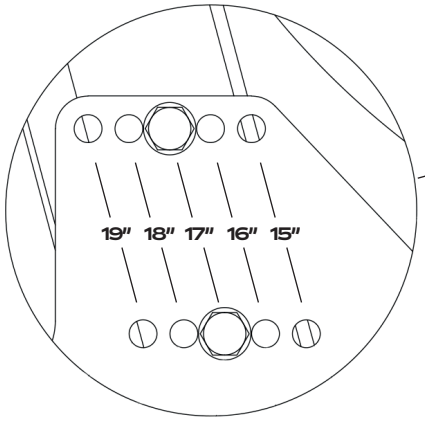
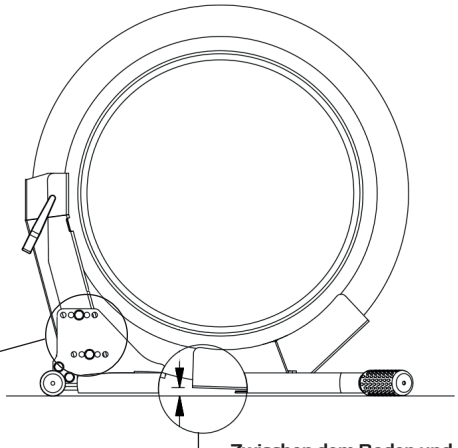
Anziehen in dieser Reihenfolge auf einer ebenen Oberflache

Tightening in this order on flat surface

Serrage dans cet ordre sur une surface plane

Einstellung
Adjustment
Ajustement





Zwischen dem Boden und der Reifenstütze sollte noch etwas Platz sein. Wenn kein Platz vorhanden ist, stellen Sie den SteadyStand auf eine kleinere Reifengröße ein

There is suppose to be some space between the floor and tyre support. If there is no space adjust the SteadyStand for a smaller tyre size

Il doit y avoir un espace entre le sol et le support des pneus. S'il n'y a pas d'espace, ajustez le SteadyStand pour une taille de pneu plus petite
